

Square Bar Spacers

An ideal way of supporting the large reinforcement of heavy duty slabs. Supplied in 1 metre lengths.

Code	Cover	Length
SB 30	30mm	Metre
SB 40	40mm	Metre
SB 50	50mm	Metre
SB 60	60mm	Metre
SB 75	75mm	Metre
SB 100	100mm	Metre

PLASTIC SPACERS

Plastic Meshfix Spacer

A spacer with a large base, designed to support reinforcement without puncturing membranes. For rebar diameters 6mm to 20mm.

Meshfix spacers with gripper head also available.

Code	Cover mm	Pack Qty
MF 23	25 & 30	250
MF 45	40 & 50	200
MF 67	65 & 75	200
MF 910	90 & 100	100

Continuous Plastic Spacer

An extremely versatile and stable plastic spacer for the support of reinforcement in horizontal and vertical applications. It is easily and quickly positioned with no wiring required. Ideal for use on hollow ribbed decks. Can easily be cut or sawn.

Code	Cover mm	Length m	Pack Metre
T 15	15	2.50	100
T 20	20	2.50	100
T 25	25	2.50	100
T 30	30	2.50	50
T 35	35	2.50	50
T 40	40	2.50	50
T 50	50	2.50	50

Plastic Wheel Spacer

An economical and popular general purpose spacer providing multi-directional cover mainly to wall reinforcements.

The wheels have a small bearing area onto the shutter thus reducing the variable footprint on the finished concrete surface.

Code	Cover mm	Bar Diameter	Pack Size
WSN2012	20	4-12	1000
WSN2520	25	8-20	500
WSN3020	30	8-20	500
WSN4020	40	8-20	250
WSN5020	50	8-20	250

Fix Spacer

A strong economical and general purpose plastic spacer clip designed to accept bars from 4mm to 16mm.

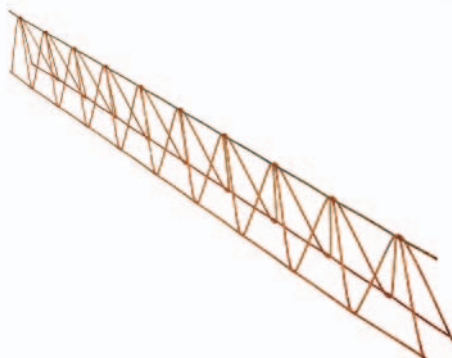

Code	Cover mm	Bar Diameter
FIX 15	15	4 to 16
FIX 20	20	4 to 16
FIX 25	25	4 to 16
FIX 30	30	4 to 16
FIX 35	35	4 to 16
FIX 40	40	4 to 16
FIX 50	50	4 to 16

WIRE SPACERS

Wire Deckchairs

Used for supporting top reinforcement or bottom fabric. Will not damage polythene membranes. Also suitable for supporting dowel bars. Supplied in 2 metre lengths.

Code	Height mm	Pack Qty
DK 50	50	25
DK 60	60	25
DK 75	75	25
DK 90	90	25
